

Company

TAMAGAWA ENGINEERING CO.,LTD.

Manufacture of
Production
Machinery

Basic Information

Representative	Yasuhito Tamara, President		
Address	128-7 Ogimachi, Aizuwakamatsu City, Fukushima 965-0025		
Capital	¥50M	Employees	124
Telephone	+81-242-22-7153	Fax	+81-242-25-4349
Website	http://www.tama-eng.co.jp		
Affiliated Companies	Wholly-owned subsidiary of Mitsubishi Shindoh Co.,Ltd.		
Major Clients	Mitsubishi Shindoh Co.,Ltd., GRANPA Co.,Ltd., KITZ Corporation, DAIKEN Corporation, Aizuwakamatsu City, Fukushima Prefecture		
Contact Person	Takanori Umetsu, Technology Division E-mail : tamainfo@tama-eng.co.jp		

Areas of Business

- Design and manufacture of various automated equipment
- Design and manufacture of induction heating equipment
- Design and manufacture of remote control devices
- Maintenance of various production machineries
- Design and construction of factories and foundations for specialized instrumentation

Major Products / Technologies / Services

- Small-sized High Frequency Induction Heating Equipment

Business Conduct in the Field of Renewable Energy

Introduction

“Is this possible?”

Yes! We will meet YOUR demands in every possible way.

In the field of machineries, electricity and construction, from powerful devices to fine handling techniques, along with various systems including control system, TAMAGAWA ENGINEERING ensures its technologies to be the solution in any circumstances.

Our principle is “to create solutions to let the customer be a winner.” With this belief, it is how we proceed designing, manufacturing and maintenance to meet YOUR demand into shape.

Track Record

- Circulation cooling system utilizing underground water from factories.

Suggestions & Proposals

- Proposal of snow melting facilities utilizing industrial waste water

Areas of Interest

Photovoltaic	Smart Community
Wind Power	Ground-Source Heat
